

Welcome!

Welcome to our new Lobo members and old friends returning for school. We are excited about our plans for the 2016 - 2017 academic year!

Travels with Sully:

There is a long tradition of Sully, with the assistance of various faculty members, guiding Sul Ross students on explorations of the world through international travel. Sully and his friends have traveled to England, Ireland, Italy, Spain, France, and... well, you get the idea. Sully is a well traveled little lobo.

This year, he is going to help Dr. Kennard Laviers lead a trip to Ireland in May for 7 days. Learn more about the trip, visit <http://www.efcollegestudytours.com/professors-trip/1855646WS> or contact Dr. Kennard Laviers at kennard.laviers@sulross.edu or (432) 837-8500.

Don't miss this opportunity to see the world!

Cultural Encounter & Exchange Program:

As one of our initial activities organized by OIS, we had four students and one teacher from Talent International College Guangxi (TICG), China visiting campus in April 2016 as a pilot of our cultural exchange program. It was a great success. Both schools have decided to move forward on the exchange.

As proposed, TICG students will come and visit our campus in April 2017, and SRSU students will go to their campus and experience the local culture right after graduation in May. It is a great opportunity for you to explore a different China from what you have learned if you have never been there and have an interest in China and its culture.

We are now accepting applications for the program until October 15th, 2016. Please go to <http://www.sulross.edu/page/4037/cultural-encounter-exchange-program> for more detailed information.

Contact Dr. Esther Rumsey at erumsey@sulross.edu or Ruoxi Wu at rxw14yb@sulross.edu if you have any questions or concerns.

International Student Association (ISA):

Our office is the home of International Student Association. Anyone who is an international student or interested is very welcome to join us. We are trying to figure out a date for our first meeting. We will announce our first meeting soon. You will be notified by SRSU email. We will also have the date posted on our webpage <http://www.sulross.edu/page/4047/international-student-association>. Please contact Ruoxi Wu at rxw14yb@sulross.edu if you have any questions.

Office Business Trips:

The Director of OIS, Dr. Esther Rumsey, and her assistant, Ruoxi Wu, had a successful trip to China this summer. They visited several schools and proposed several new programs. Hope we will have more international students and study abroad/exchange opportunities for our students in the near future.

We will keep our webpage updated. Visit <http://www.sulross.edu/international-studies> for the newest information.

Thank you for your time and interest.
