## WEBSITE REGISTRATION

In order to better manage student records, all campus registration is conducted online via the Banner system. Before attempting registration, please consult with a faculty adviser about the courses you wish to take, consult the schedule of courses available, and consult your degree plan. If you do not have a degree plan, contact your faculty adviser so one can be prepared for you. A \$25 late fee is charged for registration that is delayed until the first day of classes.

1. On any computer connected to the Internet, go to Rio Grande College at [www.sulross.edu](http://www.sulross.edu) and click on *Apply*. Select *Registration* and click on *LoboOnLine Login*.
2. Enter your User ID and PIN and click *Login*. If you've forgotten your User ID and PIN, please contact IT Support (1-432-837-8888 from off-campus). Do not log in with a Social Security number.

## Selecting Courses

Search the web by subject, course number, title, schedule type, campus, instructor, time/day, or part of term. You must select at least one subject.

Press the shift and down arrow to highlight and select courses. Use the same procedure to search other subjects, such as course schedule.

A box appears to the right of all classes that are available for registration. Please check the box to select the course. Press *Register* to add your name in the class. To make changes, use the *Reset* button. A letter "C" in the box denotes the class is closed.

If you know the course number for the courses in which you wish to enroll (look to the right of the schedule entry for the course), you may enter the CRN in the boxes on the first page. When you finish course selections, all of your classes should appear on the screen. Print this page for reference—you will receive no other confirmation of your schedule.

## WEB COURSES

Web courses (courses offered online) are not self-paced and require considerable work in order to meet requirements. Students should be prepared to devote approximately 12 hours per week to accomplish the work required for a 3-hour class i.e. the student should devote approximately the same study time for an online course as would be spent in a regular class with outside work requirements—a measure generally calculated at 3 hours outside work for each hour in class. Students **MUST** have a high-speed internet connection available on a regular basis for course work and other assignments whenever

University computer laboratories are not open. Computer labs are open Mon.-Thurs., 8 a.m.-9 p.m., and Fri. 8 a.m.-5 p.m. University computer labs are not open on weekends, but some computer work may be done from the SWTJC libraries. A student who fails to participate in assignments during any one work period may be subject to being withdrawn from class and given a grade of F. To access a web course, a student must first log in to the Blackboard server at <http://www.sulross.edu/bb>. After registration, students should regularly log in to the server and check to see if information on their class has been posted by the professor. The login is the student's official Sul Ross email address and password. If you have not obtained an email address, call the University Help Desk at 888-691-5071. Tutorials for instruction on use of the Blackboard server are available on the Technology Help Page at <http://www.sulross.edu/page/2509/using-blackboard-9>.

## MAXIMUM COURSE LOAD

The maximum course load includes the total semester hours earned at all institutions and from all colleges and universities. This includes Southwest Texas Junior College, Sul Ross/Alpine, correspondence courses, and/or extension courses. Transfer credit may be refused for courses that are completed concurrently with courses at the Del Rio, Eagle Pass, and Uvalde campuses when the combined total exceeds the maximum allowed.

**Undergraduates**—Maximum course load: 21 semester hours per fall or spring term, 8 semester hours per summer term.

**Graduates**—Maximum course load: 15 semester hours per fall or spring term, 7 semester hours per summer session, not to exceed 12 hours per summer term.
